- Number of batteries: 2

Technical specifications

- Housing material: Natural Rubber

- Bulb type: KPR102
- Bulb voltage: 2.4 V

Green Specifications

- Packaging material: Carton, PET
- Packaging type: Sandwich blister

Highlights

Philips Krypton bulb

A miniature bulb in which Krypton gas is used to increase the light output up to 70% more than a standard bulb.

Pre-focused beam

Thanks to a pre-shaped lens and/or reflector the beam provides the most optimal light output and focus.

Splashwaterproof

Rubber sealing rings and housing prevent that water causes damage to the flashlight and allow you to use it in all wheather conditions.

Oil and grease resistant

A rubber housing with special coating to protect the flashlight from oil and grease.

Shock resistant

A special shock resistant plastic or rubber housing prevents damage to your flashlight caused by shocks.

Nylon strap

This strap makes the flashlight easy to carry around and prevents it from falling if it accidentally slips out of your hand.
