

Pro Gaming

Audio as a weapon

This Philips SHG8200/10 pro gaming headset delivers 3D audio by restoring spatial cues so you can hear better where your enemies are coming from. It provides perfect fit and comfort for enduring missions and intuitive on-ear-can controls.

Immersive 3D audio, hear sound from every angle

- SRS surround sound for full game immersion
- Finely tuned 40 mm drivers deliver true clarity

Absolute comfort for enduring missions

- Over-ear lightweight design for extended gaming comfort
- Spring loaded inner headband auto-adjust for maximum comfort
- Leatherette cushions for advanced gaming comfort

Mission ready

- 360-degree microphone picks up all your commands
- Retractable microphone hides inside the ear can
- Mute and volume controls on the ear-cans for quick adjustments
- Plug and play - no software installation needed

PHILIPS

Highlights

SRS surround sound

SRS surround sound creates an immersive 3D soundfield and widens and deepens your audio by restoring mid- to high-frequency spatial cues that are normally lost in playback processing. It creates a more natural listening experience and more spacious sense of ambience so you are able to better localise where sounds are coming from.

Finely tuned 40 mm drivers

Finely tuned 40 mm neodymium drivers in a semi-open construction deliver true clarity so you can hear each footstep.

Auto-adjust inner headband

The auto-adjust headband is spring loaded for maximum comfort.

Leatherette cushions

The over-ear semi-open design with leatherette cushions of these Philips headphones delivers hours of gaming comfort, yet does not heat up your ears. The auto-adjustable lightweight inner headband ensures a perfect comfortable fit.

360-degree microphone

Don't lose valuable time adjusting your microphone during the game: the 360-degree microphone picks up all your commands and can be retracted into the ear can when not in use.

Controls on the ear cans

The mute and volume controls are placed on the ear cans for easier and intuitive control: turn the volume up or down on your right ear can. Switch the mic on or off on your left ear can.

Specifications

Design

- Wearing style: Headband

Sound

- Acoustic system: Semi-open
- Magnet type: NdFeB
- Type: Dynamic
- Maximum power input: 100 mW
- Speaker diameter: 40 mm
- Headphones frequency response: 20–22,000 Hz
- Headphones impedance: 28 Ohm
- Headphones sensitivity: 100 dB
- Microphone frequency response: 100–10,000 Hz
- Microphone impedance: 2.2k Ohm
- Microphone sensitivity: -40 dB
- Microphone cartridge: 6 mm

Connectivity

- Cable length: 2 m
- Connector: 2 x 3.5 mm + USB
- Type of cable: Copper

Convenience

- Mute switch - Left ear can
- Volume control - Right ear can

Packaging dimensions

- Type of shelf placement: Both
- Packaging type: Carton
- Number of products included: 1
- EAN: 87 12581 62614 3
- Packaging dimensions (W x H x D): 24 x 29 x 11 cm
- Gross weight: 0.58 kg
- Net weight: 0.294 kg
- Tare weight: 0.286 kg

Outer Carton

- Number of consumer packages: 3
- GTIN: 1 87 12581 62614 0
- Outer carton (L x W x H): 35.3 x 26.3 x 30 cm
- Gross weight: 2.32 kg
- Net weight: 0.882 kg
- Tare weight: 1.438 kg

Issue date 2013-12-02

Version: 4.10.11
