- Hydroguides help dislodge plaque and food particles

A brush head that fits multiple handles

- Snap-on brush head

PHILIPS

HydroClean

Features

Snap-on brush head

Easy brush head placement and handle cleaning

Hydroguides

HydroGuides work with our patented sonic technology to direct toothpaste and water between teeth to help you clean those tight spaces. While they don't replace flossing, they can help give you a better clean between teeth.

Maximise cleaning performance

Thoughtful design and precision engineering ensure that when these Philips Sonicare replacement brushes are combined with the sonic motion and flexible brushing modes, you get a thorough clean.

Reminder bristles

Reminder bristles let you know when to replace the brush head. After three months of normal use bristles exhibit fatigue, and brush heads are less effective. Replace your brush head every 3 months.

Specifications
