Highlights

Master on/off switch

This master switch controls power to the outlets on the power multiplier

15 amp circuit breaker

Safeguards against overburdening the power multiplier by sensing when the connected equipment is drawing more electricity than the power multiplier can handle. It then disconnects from the power, guarding against electrical fires.

Heavy Duty 6ft 14/3 cord

A Heavy Duty power cord that is design to extend the outlet away from the wall

Cord Management

A cord management device that allows the cable/cords to be routed in the same direction for a more organized appearance

Key Hole Mounting

Key Holes can be use dto mount the unit directly to the wall by placing them over the screw heads and lowering into place
