PHILIPS

Highlights

Available in refreshing colors

Your Philips mobile phone comes in a variety of refreshing and trendy colors for you to choose from. Whatever your personal style, there's a color - coupled with an elegant design and premium finishing - to suit your taste.

Multimedia shortcut

Easily and speedily access your phone's multimedia functions by using assigned multimedia shortcut keys. With a single touch, you can summon your movies, music, photos or radio programs - right at your fingertips!

Fast, intuitive touch screen

Easy-to-use touch screen interface truly simplifies your mobile phone experience. Navigate swiftly through menus with a stylus or simply touch and flip through folders. Calling, sending SMS or just organizing your life is a breeze with your mobile.

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

Up to 8.5 hours talk time

The phone can support up to 8.5 hours talk time on a single charge.

Up to 5 hours movie playback

Enjoy movie playback for up to 4 hours on a single charge.

Up to 25 hours music playback

Enjoy music playback for up to 25 hours on a single charge.

3.2 Megapixel autofocus camera

Capturing memorable moments clearly is as simple as point and shoot. The autofocus works automatically when you press the camera button halfway. Simply press the

button all the way in order to capture a clear, sharp image.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your favorite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

RDS FM Radio

Enjoy quick and easy tuning to your favorite stations with Radio Data System (RDS) display, which shows the name of the station instead of frequency numbers. RDS also allows stations to transmit text messages and information directly to your radio display, so you can keep updated with news updates and radio promotions.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
