Highlights

Audio/video system check

The audio/video system check determines whether the laser lens for audio and video is accurately reading data and whether the speakers are properly adjusted.

Dry brush system

The dry brush cleaning system safely removes dust, debris and other contaminants from the DVD/Blu ray player's laser lens, leaving it clean and performing optimally.

Voice Instructions

The voice instructions on this easy to use DVD/Blu ray lens cleaner guides you through the cleaning process in one of the 8 languages provided.
