Highlights

18 secured length settings

Select and locks your desired length within a versatile range of possible lengths.

Contour-following comb

The flexible guide comb automatically follows every curve of your face to achieve an even trim easily and comfortably.

Maintenance-free blades

The blades stay sharp and need no oiling, so your product is always ready for use.

Multifunctional display

Multifunctional display shows the length setting easily

Powerful Lithium-Ion battery

This product has a powerful lithium-ion battery with quick charge so you can charge the product in only 1 hour for 75 minutes' use.

Travel lock

Travel lock option protects your product against unintentionally switching on when you are carrying it in your bag.

Turbo power boost button

When greater suction power and increased cutting speed is desired while trimming, simply press the Turbo Power Button.

Integrated vacuum system

The integrated vacuum mechanism absorbs cut-off hairs during use and gives you a cleaner washbasin after use.

Stubble comb

The stubble comb has been designed to increase visibility during trimming as there are no frontal teeth. Moreover, fine contours are possible by applying the tip of the trimmer at different angles on the skin. This allows for greater control with each individual hair length. This comb is ideal for a perfect stubble or a 5 o'clock shadow where every detail counts.
