FIT OLD PLUG:

Earth friendly lead-free
Bueno para el medio ambiente
sin mercurio

Philips NiMH batteries are composed of non-toxic materials and are functionally superior to NiCD. You enjoy exceptional performance and responsible, environmentally friendly use.

IMPORTANT: Be sure replacement battery is the same size, shape, voltage and polarity as the one you are replacing. Charge for 16 hours before first use.

IMPORTANTE: Asegúrese de que la batería de reposición es del mismo tamaño, forma voltaje y polaridad que la que está sustituyendo. Se debe cargar por 16 horas antes de su primer uso.
