

Eco passport

Philips Avance Collection Blender

The Philips blender with ProBlend 6 and powerful motor can handle just about anything - from fruits/vegetables to ice. Its multi-speed function will blend, crush and cut for perfectly smooth blending and any consistency you want.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- On-mode:
 - HR2095: 700 Watt motor
 - HR2093, HR2096, HR2097: 800 Watt motor
 - HR2195: 900 Watt
- Standby: <0,3 Watt
