

Epson Expression Home XP-202

Printer, scanner and copier with user-friendly Wi-Fi and mobile printing

The Epson Expression Home XP-202 is an ultra-compact printer, scanner and copier that combines value for money with great flexibility. The printer is part of the Small-in-One range - Epson's smallest ever range of all-in-one home inkjets.

The Epson Expression Home XP-202 comes with Epson iPrint*1, offering even more flexibility and freedom. It allows users to quickly and easily print documents and photos over Wi-Fi from smartphones and tablet PCs.

The automatic Wi-Fi set-up*2 makes configuring laptops and computers to print and scan wirelessly extremely easy. Users don't need to know their network settings or connect with a USB cable, the XP-202 automatically finds the relevant connection settings in order to configure itself.

Epson's new, Claria Home Ink is ideal for affordable reliable printing, producing crisp, clear text documents and glossy, lab-quality photos. With individual ink cartridges you only have to replace the colour used, saving you money.

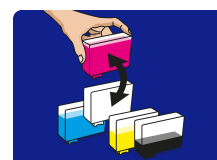

Claria Home Ink cartridges are available in standard and XL sizes, with page yields displayed clearly on each pack. Identifying the right ink cartridge for your printer couldn't be simpler – just look out for the Daisy image.

DATASHEET
