

Performance & Use

N600

- Works with any WiFi router or modem router
- Faster WiFi speeds 300/300 – Up to 600 Mbps[†]
- Dual band avoids interference for reliable connections

The NETGEAR Difference – WNDA3100

- Faster downloads
- Push 'N' Connect—push button security
- Reliable and compatible
- Easy setup with NETGEAR® genie®

Overview

The NETGEAR N600 WiFi Dual Band Adapter wirelessly connects your notebook or desktop computer to a Wireless-N network for applications, such as HD video streaming, online gaming and a secure and reliable connection to the Internet. WiFi dual band technology avoids interference for reliable connections. NETGEAR genie® is included for easy installation and with the NETGEAR Push 'N' Connect feature, you can enjoy a secured wireless Internet connection, at the push of a button.

PUSH 'N' CONNECT—WPS

A secured connection at the push of a button[†]

STEP 1

Install CD and push the button on the adapter

STEP 2

Push the Push 'N' Connect button on the router

STEP 3

Secure wireless connection

[†] Works with devices supporting Wi-Fi Protected Setup® (WPS).

Speed

Speed makes all your devices really go. And anyplace you need speed, with NETGEAR you got it. The N600 WiFi Adapter delivers 300/300 Mbps speed.

Best WiFi Speed

N600 SPEED—Fast WiFi speeds 300/300

WiFi Range

Homes come in all shapes and sizes. The N600 WiFi Adapter boosts WiFi connectivity throughout your home for all your Internet-enabled devices.

Best WiFi Range

BEST RANGE—Wireless coverage for medium to large homes

Reliable Connections

Stay connected — with your devices, your media and your friends. Dual Band WiFi provides two separate WiFi networks —2.4GHz for legacy devices and 5GHz which is less interference-prone for media streaming.

Enjoy high-performance connectivity

DUAL BAND—Reduces interference for better connections to more WiFi devices

Ease Of Use

NETGEAR genie software on a CD makes it easy to connect to a wireless network. Or, use Push 'N' Connect to add devices to your home network with a push of a button.

Simple Network Management

EASY INSTALL—Includes NETGEAR genie software on a CD for simple installation

PUSH 'N' CONNECT—Easy push button WiFi connections using Push 'N' Connect with WPS

Applications

With the N600 WiFi Adapter connect a laptop to your home network for applications such as HD streaming, online gaming and a secure and reliable connection to the Internet.

Ideal Uses

Emailing, chatting, surfing, music and video streaming

Optimized for smooth HD streaming & online gaming

Enjoy high-quality HD streaming

Wireless N Adapter - N600 Dual Band

- IEEE® 802.11 b/g/n 2.4GHz
- IEEE® 802.11 a/n 5GHz

SYSTEM REQUIREMENTS

- Intel® Pentium® class PC
- Available USB 1.1 or USB 2.0 slot
- Microsoft® Windows 7, 8, 8.1, XP®, Vista®: (32/64-bit)

This product comes with a limited warranty that is valid only if purchased from a NETGEAR authorized reseller.

†Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput and wireless coverage will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate and wireless coverage. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards.

*Works with devices supporting Wi-Fi Protected Setup® (WPS).

*24/7 basic technical phone support provided for 90 days from purchase date.

The country settings must be set to the country where the device is operating. Intended for indoor use only in EU member states, EFTA states, and Switzerland.
