Highlights

360° lightening

Thanks to the 360° illumination, the lantern provides a wide lighting area. Making it perfect for hiking, using inside a tent or for any outside activities.

3 levels of intensity

Enjoy different levels of intensity, which are ready to be used in different environment conditions. A flashing mode is also available for emergencies.

Water resistant and float

Thanks to the special sealing, the torch is water resistant and can float on water. Makes it perfect for any outdoor activities, even in extreme weather conditions.
