Highlights

\$100,000 equipment warranty

Protects your connected equipment for the life of the product.

Protected coax connections

Connectors route the coaxial signal through the surge protector to protect against surges and spikes.

Protected phone connections

These connectors accommodate and RJ11 cord, routing the telephone line through the surge protector to guard against spikes and surges.

Power Blocker

Automatically shuts down power to the connected devices.

6 outlets

Converts one outlet into six outlets allowing you to plug in multiple devices from one single AC outlet.

Protection indicators

LED lights let you know if your surge protector is functioning properly.
